

ViewSonic®

VG800/VG800b LCD Display

Upscale look and performance — without breaking the bank.

Professionals love the stylish multimedia 18" ViewSonic VG800 and VG800b LCD displays. Captivating features like a high 500:1 contrast ratio (typ) and 250-nit brightness (typ) create vivid, saturated colors and easy-to-read text. AutoTune feature and OSD/Power lock function ensure your image is always optimized. Super-fast video response time, ultra-wide 170° viewing angles and two 3-watt bezel-integrated speakers create an attractive performance package. Gamers and graphics professionals alike will find the large 18" ViewSonic VG800 and VG800b LCD displays exceed their demanding needs.

- **Full 18.0" viewable screen**
- **1280x1024 optimum resolution**
Scalable resolution from VGA up to 1280x1024.
- **250 nits of ultra-high brightness (typ)**
- **500:1 high contrast ratio (typ)**
- **Super-fast video response**
25ms super-fast video response time delivers superior picture clarity and perfect focus even when viewing moving images.
- **Bezel-integrated speakers**
The two 3-watt built-in audio speakers save desk and workspace while offering superior sound quality.
- **XtremeView® performance**
Up to 170° viewing angles horizontally and 170° vertically, providing image clarity from all directions.
- **AutoTune® function**
Automatically monitors video input and optimizes display settings without requiring user adjustments.
- **OnView® controls including ViewMatch® feature**
Customize image adjustments and color temperature via an on-screen menu using simple controls.
- **OSD/Power lock function**
When activated, user-controlled OSD/power lock prevents changes to monitor settings, maintaining an optimized image.
